Honey Creek Middle School

Terre Haute, IN

Elements such as massing, color and detail with the organizational and functional needs of the building enhance the character of Honey Creek Middle School. The corridors and common spaces are articulated with traditional building features and bright colors. Handrails, column covers, and floor and ceiling patterns utilize inexpensive materials, giving principal spaces in the building importance and keeping the corridors interesting. Large windows and warm, neutral colors provide a cheerful environment in classroom areas. Honey Creek Middle School has a maximum capacity of 900 students in grades six through eight.
